DESCRIPTION

Fonestar has developed the range of active high-power speakers ASB, the most affordable range of active speakers, which provide great sound quality and integrate all the necessary elements of a professional sound installation.

It has microphone input, line, USB/SD player, mixer, speaker and amplifier. A wide range of playback options and audio inputs make it highly versatile and adaptable.

Class D amplifier with high efficiency and high reliability thanks to low maintenance protection circuits.

Robust injection structure, high transport resistance.

Audio inputs with standard connectors: XLR, jack and RCA.

Powerful, distortion-free sound that provides a precise playback of your music. Passive speaker output with speaker connector.

Remote control is possible thanks to the remote control. Its simple and intuitive use minimizes setup time depending on the installation.

Suspension points and hole in the base for 35 mm tube for suspended or bracket installation, and feet for floor installation. Front metal grille ensures speaker integrity.

Perfect for pubs, gyms, restaurants, small events, children's parties,
