NAVIGATOR OPS computer

NAV-RK

- Elevate your Legamaster touch monitor or professional displays with advanced computing capabilities by seamlessly integrating Google EDLA certified Android OPS (Open Pluggable Specification) PC modules. Experience a superior level of performance and enhance your user experience
- NAVIGATOR, running on Android 13, makes it super simple for teachers to use essential Google Apps, revolutionizing both education and the corporate approach to work
- Increased ease-of-use as the PC module automatically starts and shuts down along with your touch monitor
- Reviving our earlier ETX-20 and ETX-30 series through retrofitting, breathing new life into these "classic" products, fostering circularity, and offering a convenient and eco-friendly alternative
- Easy connection of peripheral equipment like wireless keyboards, mice and microphones via the built-in Bluetooth adapter
- OPS modules offer quick and easy mounting and will save precious time during installation of the screen
- Flexible servicing and upgrading as the PC module can always be reached
- Fast connection to wireless and wired networks with the wireless 802.11ax and Gigabit Ethernet network adapters
