

## APS-1 Adjustable Pole Stand

### For TAURI Series Tablets

The APS-1 is an adjustable pole stand for the TAURI Temperature-Check Tablet Series. Do not use this product for any purpose not explicitly specified by Aurora Multimedia. The 25 pound weighted base assures its stability. Improper installation may cause property damage or personal injury. If you do not understand these directions, or have doubts about the safety of the installation, contact Aurora Multimedia Customer Service or call a qualified contractor. Aurora Multimedia is not liable for damage or injury caused by incorrect mounting, assembly, or use.

You can adjust the height of the stand from 45" to 76" by twisting the barrel in the middle of the column and extending to the top.

The APS-1 package includes the column base and monitor column, as well as several screws for mounting auxiliary devices.
