Education

Offices

DESCRIPTION

Desktop microphone base with 3 operating modes  
The Fonestar MICBASE-MP desktop base is designed for precise and flexible control in professional sound installations. With its 3 operating modes: ON-OFF, PTT (push-to-talk) and PTM (push-to-mute), this base is ideal for spaces where efficient microphone management is essential, such as conference rooms, churches and other facilities.

High quality connectivity and power supply

3-pin XLR balanced connectors: It guarantees high quality audio transmission, allowing the use over long distances without signal loss.

LED power-on indicator: Facilitates visual identification of the operational status of the base.

Why choose MICBASE-MP?

Compact and robust design: With dimensions of 93 x 46 x 122 mm and a weight of 0.52 kg, the base is robust enough to last, while its compact design makes it suitable for any type of installation.

Safety in assembly: The microphone locking system ensures a firm and stable hold, preventing any unwanted movement during use.

Versatility of use: Perfect for a wide range of professional applications where total microphone control and impeccable sound quality are required.

TECHNICAL CHARACTERISTICS

SWITCH	3 positions ON-OFF/PTT/PTM
INDICATOR	LED power indicator
CONNECTORS	Input XLR male 3-pin, balanced line Output XLR male 3-pin, balanced line
POWER SUPPLY	Phantom 3 to 52 VDC for powering the internal circuitry of the base
COLOUR	Black
