

## Bluetooth® Auracast for VPX Series 1G AV over IP

The BT-AC1 USB Dongle accessory for the VPX AV over IP Series. The BT-AC1 adds Bluetooth® 5.3 Auracast capabilities to the VPX units and will broadcast the signal up to 200 meters. It is designed to work with Bluetooth 5.2 and higher devices like cell phones, ear buds, and hearing aids. Auracast is capable of broadcasting to thousands of devices making it perfect in restaurants, bars, airports, conference rooms and more. Picture sitting in a restaurant with many displays and being able to listen to the display of your choice with your own peripheral. Perfect for listening privacy, hearing assist, language translations, and more. Once again, Aurora is leading the way in industry firsts and further expanding the capabilities of AV over IP.

### Features:

- Bluetooth LE 5.3
- 200m (660ft Range)
- Auracast
- USB 2.0 Dongle
- Works with VPX 1G AV over IP Series
